

I request that you respectfully reject the NAB's petition 04-160. XM is providing a great service in providing XM Instant Traffic & Weather. I rely on this service everyday to get to and from work within the Washington DC area. I am a sole parent that drives my children and sick spouse. It is important that for me to get instant info on traffic to ensure I arrive home in time. Please reject NAB's petition 04-160 for my family's sake.
